

19:30

Closing remarks

Christine Lin, Chair-Elect (Australia)

Pain, Mind & Movement: Applying science to the clinic

Satellite Meeting 17th World Congress on Pain Boston, Massachusetts, USA. September 11, 2018 (World Congress dates: 12–16, 2018)

Boston, Massachusetts, USA. September 11, 2018 (World Congress dates: 12–16, 2018)		
11:00	Welcome and Introduction	Romy Parker, Chair (South Africa)
	Morning session chair: Ivan Huijnen (the Netherlands)	
11:10	Imaging neuroinflammation in human pain disorders Keynote lecture	Marco M. Loggia (USA)
12:00	The practicalities of educating children about pain Clinical workshop	Laura Simons - Joshua Pate - Felipe Reis - Lauren Heathcote (USA – Brazil)
13:00	8 X 5 session	,
	Movement adaptations during a functional reach task in children with chronic pain, before and after	Justin Beebe (USA)
	treatment, and the influence of pain, fear, and avoidance How can we better integrate Pain, Mind and Movement within the entry-level training of PT students?	Tim Wideman (Canada)
	Developing a national strategic plan for advancing pain education and management in Canada Identification and initial validation of low back pain nervous system processing subgroups using performance-based measures	Katie Butera (USA)
	The role of central sensitization and brain-derived neurotrophic factor (BDNF) in patients with chronic widespread pain and chronic fatigue syndrome: an explorative study	Andrea Polli (Italy/Belgium)
	Differences between women with traumatic and idiopathic chronic neck pain and healthy women: Interrelationships among cognitive deficits, central sensitization, and brain alterations	Iris Coppieters (Belgium)
	The effectiveness of graded motor imagery for reducing phantom limb pain and disability in upper and lower limb amputees	Katleho Limakatso (South Africa)
	Is there evidence to support "text neck" as an epidemic of the modern era of cell phones?	Ney Meziat-Fiho (Brazil)
	The effect of social threat on pain-report, pain expression, aggression and empathy	Kai Karos (the Netherlands/Belgium)
13:40	Lunch break	
	Afternoon session chair: Enrique Lluch Girbes (Spain)	
14:40	8 X 5 session Modulating pain thresholds through classical conditioning Relative intensity judgements: A novel paradigm for investigating classically conditioned bias Sensory and psychological factors contribute to motor outcomes in a high-risk subgroup experiencing	Juliane Traxler (Belgium) Victoria J Madden (South Africa) Katie A. Butera (USA)
	exercise-induced muscle injury Pain neuroscience education plus cognition-targeted exercise therapy can improve pain, disability, functioning and pain cognitions in people with chronic spinal pain: a multicenter	Anneleen Malfliet (Belgium)
	randomized controlled trial Non-pharmacological management of pain in HIV/AIDS: a bridge too far if you are a poor, depressed South African?	Romy Parker (South Africa)
	The role of pain cognitions in healthcare utilization in patients undergoing surgery for lumbar radiculopathy: design and preliminary results of a multicentre randomized controlled trial	Eva Huysmans (Belgium)
	Explaining pain to teenagers; getting their head around pain Morphological differences in the upper trapezius muscle between female office workers with and	Anne Marie van Es (UK) Kayleigh De Meulemeester (Belgium)
15:20	without trapezius myalgia: facts or fiction? Pain neuroscience education in clinical practice: state of the art and future	Andriaan Louw (USA)
13.20	avenues	, mandan zoaw (oo, i)
	Keynote lecture	
16:10	Mindfulness, yoga and pain: relearning how to move with awareness Clinical workshop	Carolyn McManus - Janet Carscadden (USA)
17:10	Coffee break	
17:30	Graded exposure combined with a lifestyle approach for patients with chronic spinal pain: the steps to follow. A practical workshop	Iris Coppieters – Anneleen Malfliet – Paul C. van Wilgen
18:30	Clinical workshop What kind of cognitive functional therapy (CFT) exercise has been performed during two randomized clinical trials carried on in Brazil? Clinical workshop	(Belgium – the Netherlands) Ney Meziat-Filho - Jessica Fernandez - Julia Castro (Brazil)
